Summary

Full Stack Developer focused on building modern web applications using React, Node.js and MongoDB. Experienced in developing responsive user interfaces, REST APIs and real-time applications. Passionate about creating scalable software and solving real-world problems through clean and efficient code.

Education

Parul Institute of Engineering and Technology

Aug 2023 – Present

B.Tech in Computer Science and Engineering

CGPA: **8.21 / 10**

Projects

Smart Price Tracker – E-commerce Price Monitoring Platform

GitHub

- Built a full-stack application that tracks product prices across Amazon, Flipkart, Myntra and other platforms.
- Implemented real-time price history visualization using Recharts.
- Developed automated web scraping using Puppeteer and Cheerio.
- Integrated email notifications with Nodemailer to alert users when prices drop.
- Tech Stack: React, Node.js, Express.js, MongoDB Atlas, TailwindCSS.

Nimbus – Premium Weather Mobile Application

GitHub

- Developed a weather mobile application using React Native and Expo.
- Integrated OpenWeatherMap API to fetch real-time weather data based on GPS location.
- Implemented dynamic gradient themes and smooth animations.
- Added responsive UI and haptic feedback.
- Tech Stack: React Native, Expo, Axios, AsyncStorage.

Gossip-Go – Real-Time Chat Application

GitHub

- Developed a real-time messaging platform supporting private and group chats.
- Implemented Socket.io for instant communication.
- Built authentication system using JWT and secure REST APIs.
- Added typing indicators, unread message badges and online user status.
- Tech Stack: React.js, Node.js, Express.js, MongoDB, Socket.io.

Technologies

Languages: C, C++, JavaScript, Python, Java
Frontend: React, HTML, CSS, Bootstrap, TailwindCSS
Backend: Node.js, Express.js, Django
Databases: MongoDB, MySQL
Tools: Git, GitHub, Postman, Jupyter Notebook, AWS

Achievements

- Solved **200+** **Data Structures and Algorithms** problems on LeetCode.
- Completed **AWS value-based courses** provided by Parul University.
